

T200 BATTERY TESTER

Overview

T200 BATTERY TESTER

cod. 802517

Tester used to verify the charge status of the 6/12V batteries (WET, GEL, AGM, PbCa). It is very compact, practical, easy to use and allows operations without disconnecting the battery from the vehicle; this is an enormous time saver during testing operations which become quick and easy to perform.

Technical data

CODE 802517

BATTERY CAPACITY 20 - 100 Ah

WEIGHT 0,475 kg

CHARGING VOLTAGE 6/12 V

DIMENSIONS 11,5 - 5,5 - 23,5 cm

EAN CODE 800489736310 3
